

Vision

Fort Bend ISD—the school system of choice to prepare our community for a global tomorrow.

Mission

Fort Bend ISD provides an environment for each student to acquire knowledge, develop skills, and build character to lead a productive and responsible life.

Values

*Students first ▪ Teamwork ▪ Quality service ▪ Continuous learning
Safety ▪ Data-informed decisions ▪ Integrity*

Goals and Strategic Objectives

Goal 1: Implement strategies that result in students meeting high standards of achievement

- 1.1 Develop an e-curriculum in science for grades two through eight
- 1.2 Close the achievement gap between and among student groups
- 1.3 Increase student participation in advanced academics
- 1.4 Increase student college and career readiness

Goal 2: Foster partnerships with the community and improve communication to support our students and school system

- 2.1 Expand the use of electronic communication methods
- 2.2 Develop a “voice of the customer” strategy
- 2.3 Develop a content management system to improve campus web sites
- 2.4 Raise community awareness of the district’s character education initiatives
- 2.5 Increase volunteer and community partner resources

Goal 3: Attract, develop, and retain quality staff for all district jobs.

- 3.1 Revise the teacher recruitment and retention plans
- 3.2 Continue the implementation of the comprehensive leadership development and succession planning initiative
- 3.3 Develop and implement training on the FBISD Standards of Exceptional Customer Service

Goal 4: Be fiscally responsible

- 4.1 Expand programs to increase the fiscal awareness of the community and staff
- 4.2 Expand the supplier diversity program
- 4.3 Develop strategies to respond to changes in the funding cycle
- 4.4 Develop strategies to foster legislative awareness and engagement at the local, state, and federal level
- 4.5 Investigate the use of advertising within the district

Goal 5: Implement technology to meet the educational and administrative requirements of the district

- 5.1 Develop seamless technology infrastructure solutions
- 5.2 Develop and implement policies, standards, and controls for the purchase and use of technology
- 5.3 Provide educational technology training to integrate technology into the curriculum

Goal 6: Provide facilities and transportation services that address enrollment and capacity needs in a manner that is fiscally responsible

- 6.1 Conduct recurring assessments of district facilities and enrollment for the identification of capital projects
- 6.2 Expand district standards to maintain facilities
- 6.3 Complete construction projects on time and under proposed funding requirements
- 6.4 Operate effective transportation services

Goal 7: Foster character development of students and create a safe and healthy environment for all students

- 7.1 Integrate district life safety systems
- 7.2 Implement a comprehensive bullying awareness, prevention, and intervention program
